Job Offer- Senior Civil or Wood Structure Engineer

Specialists in roof trusses, prefabricated wall panels and floor systems, with over 44 years of experience in the field, **Léon Chouinard & Fils Cie Ltée** is looking for a dynamic person to fill the position of *Senior Civil or Wood Structure Engineer* to join its team.

Roles and responsibilities

- Design roof trusses and floor joists using specialized software for residential, commercial, and agricultural projects based on customers information and needs
- Sign and seal the technical drawings of the company's products as well as any related modifications
- Prepare the various documents to be given to the client (technical drawings, layout, etc.)
- Work in collaboration with other professionals in the team
- Participate in the development of the technical team
- Be the link between the client, the architect, the project engineer, and the company

Experience and Education

- Bachelor's degree in Civil Engineering or related field
- Currently registered, or has the capacity to register with the New Brunswick Association of Engineers and Geoscientists or other association in Canada
- Minimum of 4 years of experience in designing wooden structures (roof trusses)
- Master software such as Autocad, Sapphire, etc.
- Must be bilingual (English and French)
- Ability to manage multiple projects simultaneously
- Positive attitude, determined and team spirit

Why Join Leon Chouinard & Fils Cie Ltée's Team ?

- Growing company
- Dynamic and secure work environment
- Professional development offered

Salary and Benefits

- Starting salary: \$105,000/year; competitive and negotiable, based on experience and education
- Vacation: starting at 4 weeks/year
- Health, dental, travel, life, long-term disability insurance and doctor online service
- Pension plan with employer contribution
- Flexibility and other interesting benefits as well as a *relocation allowance*, if applicable

Working Conditions : Permanent full-time position - Monday to Thursday from 7:30am to 5pm and Friday from 7:30am to 12pm (noon), for a total of 40.5h/week
